

The Chocolate Carol  
V. 2 (“The Joy of Chocolate”) Avshalomov/Grafman 2005

**SHORT INTRO**

When life gets you down  
And forces a frown  
And the worries affect how you eat

When love is a trial  
Or the weather turns vile,  
We reach for our favorite treat— rich and sweet.

What is our delight,  
From morning to night,  
The taste about which we all talk a lot?

The confection of kings,  
It’s the richest of things,  
You *know* I’m referring to  
**Chocolate!** Ohhh\_\_\_:

**VERSE 1. (All Holidays)**

**Chocolate, chocolate, chocolate, chocolate!**  
Any time of the year  
If you give me chocolate  
It always brings good cheer

Chocolate’s here to give joy to the world,  
a sweet new year for all,  
Choc’late Santas and Chanukah gelt, and  
Hallowe’en treats in the Fall.

**BRIDGE 1**

Hot cocoa in cold season  
Warms your tummy when you’re freezin’.  
Who needs sugar plum fairies?  
We got chocolate-covered cherries!

Chocolate fudge so smooth and creamy,  
Makes our life so sweet and dreamy!  
Chocolate chip cookies, chocolate cake, and  
torte, and brownies until you ache!

**CHORUS**

**Chocolate, chocolate, chocolate, chocolate**  
Makes our life worthwhile.  
Rich delicious chocolate will  
Always bring a smile!

**TAG**

Who wants chocolate? “I do!”  
Who loves chocolate? “Me, too!”  
Please give me my  
**Chocolate.**  
[Ohhh]

**VERSE 2. (All Kinds)**

**Chocolate, chocolate, chocolate, chocolate!**

Any time of the day  
All the pleasures of chocolate  
In every wonderful way:

Samplers of chocolates, choices divine,  
And few get left behind.  
What's your favorite filling?  
I still haven't chosen mine

**BRIDGE 2**

Dark, milk, or semisweet—bliss!  
Belgian, French, American, Swiss,  
When you have a craving, it's for  
Chocolate you'll be raving!

Brown-wrapper chocolate bars,  
Kisses and truffles and chews from Mars,  
Strawberries dipped in chocolate fondue,  
It's good for me—and it's good for you.

**CHORUS**

Chocolate, chocolate, chocolate, chocolate  
Makes our life worthwhile  
Rich delicious chocolate will  
Always bring a smile!

**CODA**

Whatever the trouble  
Whatever the worry  
Whatever the question  
Reply in a hurry:

The answer is wonderful, marvelous, glorious

Chocolate (*now!*)

Chocolate (*now!*)

Chocolate (*now!*)

**Chocolate,**

Give me my

Choc- o - late!

RIGHT

NOW!

ANNOUNCER INTRO

**Announcer (1940s-style):**

“Friends, do you keep a stash of chocolate in the glove compartment of your car?

Do you think chocolate is a basic food group?

Is chocolate a part of your complete breakfast?

Do you . . . self-medicate with chocolate?

Well, you may be a *chocoholic*. But don't worry, you've got company! And remember, chocoholics have a *three-step* program:

1. Get the chocolate.
2. *Eat* the chocolate!
3. Rinse and repeat.

So, for the ChocoHolidays . . . this Carol is for you.”
