

DAZZLE ME

by Meredith Kennedy

If I ever can't remember
If I ever seem to wander
If I ever stare in wonder at a single raindrop
As it hangs suspended in your hair
It's because you dazzle me.

Dazzle me, amaze me,
Those smoky eyes will drive me crazy
When you're here my mind goes hazy
You dazzle me, you dazzle me.

If you ever wonder whether
My heart and soul are yours forever
All you ever have to do is look to see
You dazzle me

Enchanted and bedazzled,
In your smile I'm lost forever
Misty magic in those eyes of smoky blue
Is how you dazzle me

Dazzle me, amaze me
Those smoky eyes will drive me crazy
When you're here my mind goes hazy
You dazzle me, you dazzle me, you dazzle me.
